Another Ugly Face

You watching me, watching you You're another ugly face, it?s true Another time and another old place I'll break your teeth and smash your face

Another joy, you pass along if you will leave and carry on

I want to know what you want Right by my side you pass a lot And if you say that I'm not real aware Just look into my eyes I'm there

Another joy, you pass along if you will leave and carry on

Do you think you have a life now? Do you think about me day and day and night and

Another joy, you pass along if you will leave Another joy, you pass along if you will leave And carry on and carry on and carry on
