

# Not Like Me

The Muffs

Doing everything I can  
And I'm feeling okay, oh yeah  
But whenever you are near  
I want to run away, oh yeah

Whenever I come alive  
It seems that you are dead  
Could you ever take the time  
And be a man and say?

You are not like me  
You are not like me  
You are not like me  
You are not like me

And if you should ever go  
Away another day, oh yeah  
There might be a world of me  
And I won't be afraid, oh yeah

Doing the impossible  
Where I could never win  
And I know what you're thinking  
In the answer you bring

You are not like me  
You are not like me  
You are not like me  
You are not like me

Doing everything I can  
And I'm feeling okay, oh yeah  
But whenever you are near  
I want to run away, oh yeah

Whenever I come alive  
It seems that you are dead  
Could you ever take the time  
And be a man and say?

You are not like me  
You are not like me  
You are not like me  
You are not like me

You are not like me  
Me, me, me, me, me, me, yeah  
Me, me, me, me, me, me, yeah, oh
