

Bitter Love

The Murder of My Sweet

"God fears evil has returned to earth.
As a guardian of light I'm sent to intervene,
for the balance must not be disturbed.
Protecting petty people who don't believe,
who don't know how to love...
takes its toll."

[Michael:]
I was a preacher
Traveled coast to coast with God's embrace
Cared for the weaker
Shedding light and love in evil ways
But there's just something about her darkness

[Beth:]
I'm such a sinner
I was born through fire
Drinking flames
I can't remember ever looking for another way
But there's just something about his glory

I fear my heart has gone to war
A pilgrim searching for a distant shore
Don't want to fight
Don't want to fall
No way to stop
Nowhere to go

Bitter love, bitter love
Spider bite, the venom makes us stronger
Bitter love, bitter love
Kingdom come with twenty lashes for us
Such is our love

[Michael:]
My heart is burning
Can I save her from the dark embrace?

[Beth:]
Blizzards and yearning
Can I make him turn from Heaven's grace?

[Both:]
How far is far enough for treason?

I fear my heart has gone to war
A pilgrim searching for a distant shore
Don't want to fight
Don't want to fall
No way to stop
Nowhere to go

Bitter love, bitter love
Spider bite, the venom makes us stronger
Bitter love, bitter love
Kingdom come with twenty lashes for us
Such is our love

Such tangled web you weave
How wicked it must seem

[Beth:]
Hide by the curtains
A window to the ghost of you
My heart is burning
My heart is burning

With the wrath of God
I'll strike you down, you dragon's crowned
I'll make you pay the price for what you've done
Go back where you belong

[Beth:]
You'll strike me down
Done for you
I don't want to fight

"But this task is not in vain,
as down on earth there is a familiar rein.
Friend or foe?
Who knows?
I vaguely remember that black September."
