

Whispering like children at that  
Watching the blandness of night  
Catching illusions and kites  
Counting the blandness at art

I'll walk those islands for you  
I'd climb those mountains for you  
I'll reach new countries for you  
Conquer new memories for you  
Astounding discovery  
Feel the change  
What's it gonna be?  
Oh beautiful discovery  
It was there, I couldn't see... Could not see

I sailed those oceans for you  
I crossed new frontiers for you  
I touched new faces for you  
Asking new questions for you

Amazing as stars in the night  
Smiling at changes in time  
Talking til morning gets tired  
Waving through shadows and light  
Astounding discovery  
Feel the change  
What's it gonna be?  
Oh beautiful discovery  
It was there, I couldn't see
