The National

**C G Dm Am (2x)**

**C G**  
I could walk out, but I won't,  
**Dm Am**  
In my mind I am in your arms.  
**C G**  
I wish someone would take my place,  
**Dm Am**  
Can't face heaven all heavenfaced.  
**C G**  
No one's careful all the time,  
**Dm Am**  
If you lose me, I'm gonna die.

**Em G C (2x)**

How completely high was I?  
I was off by a thousand miles.  
Hit the ceiling, then you fall,  
Things are tougher than we are.  
I could walk out, but I won't,  
In my mind I am in your arms.  
I wish someone would take my place,  
Can't face heaven all heavenfaced.

**Em G C (2x)**

**C G Dm Am**

Let's go wait out in the fields with the ones we love.  
Let's go wait out in the fields with the ones we love.  
Let's go wait out in the fields with the ones we love.  
Let's go wait out in the fields with the ones we love.

**C G**  
She's a griever, my believer  
**Dm Am**  
It's not a fever, it's a freezer  
**C G**  
I believe her, I'm a griever now  
She's a griever, my believer  
It's not a fever, it's a freezer  
I believe her, I'm a griever now

**C G Dm Am**  
Because we'll all arrive in heaven alive  
**C G Dm Am**  
We'll all arrive  
Because we'll all arrive in heaven alive  
We'll all arrive
