

## Nervous

## The Neighbourhood

Maybe I shouldn't try to be perfect  
I confess, I'm obsessed with the surface  
In the end, if I fall or if I get it all  
I just hope that it's worth it  
Last year I fell flat on my face  
And last month I knew somethin' should change  
Last week I started over again  
Ask me and I'll tell you how I've been  
Mhm, don't get me started

You've got me nervous to speak  
So I just won't say anything at all  
I've got an urge to release  
And you keep tellin' me to hold on  
You've got me nervous to move  
So I just won't give anything to you  
You got me turnin' all around to be who you need me to

Should I be quiet?  
Uh, come on, be silent  
Uh, you know I'm tryin'  
So don't say nothin'  
Uh, tell me you trust me and  
Kiss me and hug me, yeah  
Well, I would do anything for ya  
You just gotta love me and  
I got an itch in my throat  
I don't know which way to go  
I keep on switchin', I know  
I need a different approach  
It's all because I wanna  
Show you that I'm so capable

You've got me nervous to speak  
So I just won't say anything at all  
I've got an urge to release  
And you keep tellin' me to hold on  
You've got me nervous to move  
So I just won't give anything to you  
You got me turnin' all around to be who you need me to

Hush, baby, don't you say another word  
Hush, baby, don't you say another word, be quiet  
Hush, baby, don't you say another word  
Hush, baby, when you do, I just get hurt

Come on, baby, don't you hurt me anymore  
I'm not the same way that I was before  
I got goosebumps all over me  
When you're around, hard for me to breathe  
Come on, baby, don't you do that anymore  
It's not like the days, at night, I feel so short  
My nerves, they give me a sign  
Tell me I'm not fine, mhm

You've got me nervous to speak  
So I just won't say anything at all

I've got an urge to release  
And you keep tellin' me to hold on  
You've got me nervous to move  
So I just won't give anything to you  
You got me turnin' all around to be who you need me to

Hush, baby, don't you say another word  
Hush, baby, don't you say another word, be quiet  
Hush, baby, don't you say another word  
Hush, baby, when you do, I just get hurt
