

Mugshot

The New Cities

People tell me I outta know better
It's so hard to keep it together

I've got this feeling cause my phone keeps ringing and my mind
keeps dreaming, and my soul's just screaming out
Hey oh, hey hey oh
Just for the record, I've got a clean record I know its gonna c
hange and I can't be blamed
There goes my halo
Things are about to change...

Gonna go all night, twilight to daylight
Crank it to eleven, rock my way to heaven
And I won't stop 'til I get my mugshot
Money in my pocket, just to too late stop it

Its so easy, drinking tequila looking at
Tila At the last bar, I was so famous, I was a rockstar
And I lost my jacket when they played Michael Jackson Dancing a
ll alone cause I own the zone
Singing hey oh, hey hey oh
Gonna jump in a fountain, climb every mountain
Cutting every line cause I'm out of my mind
Singing hey oh, hey hey oh
Cause that's just how I roll...

Gonna go all night, twilight to daylight
Crank it to eleven, rock my way to heaven
And I won't stop 'till I get my mugshot
Money in my pocket, just to too late stop it

And I've never seen a girl look as fine as you
And I'm gonna get your name as my next tattoo
And I wanna spend the rest of my life with you
Before the cops come and take me away

Gonna go all night, twilight to daylight
Crank it to eleven, rock my way to heaven
And I won't stop 'till I get my mugshot
Money in my pocket, just to too late stop it tonight

Just to too late stop it tonight
Gonna go all night, twilight to daylight
Crank it to eleven, rock my way to heaven
And I won't stop 'till I get my mugshot
Money in my pocket, just to too late stop it tonight
