

## That's Where I Belong

**The Notting Hillbillies**

Show me a place where I don't have to worry  
And that's where I belong  
Show me a place where I don't have to hurry  
And that's where I belong  
Give me the time, so I can change my mind  
Where it don't matter if I'm wrong  
Show me a place where I don't have to worry  
And that's where I belong
