

But I Do

The Oak Ridge Boys

I've been so alone without you
I try not to think about you
But I do, I do.

I know that I'm to blame
I've got no right to call your name
But I do, I do.

I sure do feel the pain
And I'd give anything
You know I would
Cause you were so good
And you always could
Give me love.
You sure did make it easy to be loved for a while.

We sure did have it going for a while.

I've been so alone without your touch
Never thought I'd hurt so much
But I do, I do.

I never thought I'd be the kind
To need someone all the time
But I do, I do.

Didn't we have it going?
We sure did have it going for a while.
