

She's Not Just Another Pretty Face

The Oak Ridge Boys

I was just looking her over
Caught her smile and angel eyes
Knew I'd be seein' more of her that night
Now her head's laying on my shoulder
And my heart's in total surprise
I've come to see her in a different light

She's not just another pretty face
She's a river running deep
She's got dreams that take her any place she want to be
Look at her, you'd never guess
There's so much that doesn't show
She's not just another pretty face, oh no

The woman I discovered, she goes the extra mile
For someone she really cares about
And every day I love her
It's one joy after another
I'm getting to know her inside out
