

The Dark Missionary

The Old Dead Tree

All the things that
I've learned in my life

Have been burned
In my mind by this light

I feel myself really stronger
Since the time

I discovered the real way
To guide mindkind

Know follow me!

My god's on my side,
I fear nothing
I'm blessed whatever
I am doing

I know I'm on the right track
I believe my heart
This old belief eternal:
My church's my own mind!
