

Love Is

The Osmonds

Love is a two way decision
Part of me part of you
I want you to know
And I'll try to show
I love you so

Love is a two way suspicion
Look at me look at you

All your love can't be mine
What is mine I will find
Please be kind

Love isn't just a tradition
You're for me, I'm for you
Come be near my love
Give to me what love will tell you too
