

Shuckin' And Jivin'

The Osmonds

You're just shuckin', you're just shuckin' and jivin', huh.
Shuckin' and jivin' is all I get
every time I come around
If you're gonna do it,
you better get to it
Or else I'm gonna put you down,
else I'm gonna put you down

I give you all of my money,
anything else you want
But when I ask for a little lovin'
you say you will but then you don't
Always having appointments
when I call you on the phone
You better get your business straight
Or else I'm gonna leave you alone

Oh! Shuckin' and jivin' is all I get every time
I come around
If you're gonna do it,
you better get to it
Or else I'm gonna put you down,
else I'm gonna put you down, yeah
Oh! Oh baby.

You're just shuckin',
you're just shuckin' and jivin'

All the boys talkin about you,
you're the cutest thing in town
Ain't no sweat to me, child,
if you want to look around
What you do is your business,
but, girl, I'm telling you
You better slip a little something
my way, cause this
shuckin' and jivin' won't do

Oh! Shuckin' and jivin' is all I get every time
I come around
If you're gonna do it,
you better get to it
Or else I'm gonna put you down

You're just shuckin',
shuckin' and jivin'
You're just shuckin' and jivin'
Oh baby, oh baby,
shuckin' and jivin'
Shuckin' and jivin' runnin'
and hidin' uh huh
Shuckin' and jivin', oh Baby, oh no

Shuckin' and jivin'
runnin' and hidin'
uh huh

Shuckin' and jivin'
runnin' and hidin'
uh huh
