## **Going Back**

## **The Outfield**

I'm just a fool - no disguise I still get hurt - same old pride But growing older - I've realized There's not a place - in my life - tonight

I ain't gonna leave this town no more I'm sorry for the times that I did before I'm going back to where my heart came from I ain't gonna leave this town again I'm sorry for the things I did but then I didn't realize where I belonged

Shakin' the blues - every night Been all alone - no surprise Don't you forget me - I'm so blind I'm coming back - one more time - tonight

If these streets were empty With nothing to see You could take me from this town Oh but you won't take this town out of me

Too many years - can't forget So many dreams - ain't done yet An' all of these memories - still the same I'm going home - and I'll remain - unchanged
