

# One Night in Heaven

The Outfield

I know you look real nice little girl  
I better not catch a surprise little girl hey -yea  
I'm taking a chance on your love  
I know what's on your mind little girl  
You better got nothing to hide little girl hey - yea  
I'm taking a chance on your love

An' if it's over and done  
I know I spent one night in heaven

Stimulate my mind little girl  
Talk ain't gonna be cheap tonight hey - yea  
I'm taking a chance on you love  
You've always done me right little girl  
A pack a' lies between the sheets tonight  
I'm taking a chance on your love

Somebody's daughter - dangerous game  
I'm just a late night caller

She just cost me more than all  
The money in my pocket but  
I don't regret a single coin I paid  
It hit me with her final touch  
I've never beat the moon so much  
An' everything I did she did again
