

# Since You've Been Gone

The Outfield

Since you've been gone  
There's something I want to say  
Since you've been gone  
There's no one taking your place  
Since you've been gone  
I've just been foolin' around  
Since you've been gone  
This world's been turned upside down  
Didn't think I'd find a girl that I could not forget  
Anything we started not so long ago - ain't over yet

Since you've been gone  
Staring at your photograph  
And I know it won't be long  
An' I know you're coming back

You turned me on  
Since the first time I set eyes on you  
You turned me on  
Ooh the things you want me to do  
Don't get me wrong  
'cos you're not the only girl I've ever had  
But since you've been gone  
Girl you know the thought of you's driving me mad  
All I do is think of you I lie awake - lie awake  
And no matter how I try this loneliness - you know I can't take

Since you've been gone  
Staring at your photograph  
And I know it won't be long  
An' I know you're coming back

Since you've been gone  
There's something I want to say  
Since you've been gone  
There's no one to stand in my way  
Since you've been gone  
So scared of losing this time  
Since you've been gone  
Girl you know that I can't get you out of my mind

Since you've been gone  
Staring at your photograph  
And I know that I was wrong  
An' I know you're coming back  
Since you've been gone  
Tried my best to read between the lines  
If some things are hard to say  
You better tell me one more time  
Since you've been gone  
Since you've been gone
