

## Take It All

The Outfield

If your hands are tied  
Don't be afraid  
A chance in a lifetime  
Is on its way

If you're out tonight  
In shoes of glass  
Make it by midnight  
The future might pass

The facts of life ain't changing  
They don't care about you  
The hands of time ain't waiting  
They'll go on without you  
Baby - take it all  
Baby - take it all

For once in your life  
You got it made  
A sign of the times  
The past is paid

So leave it behind  
Don't be ashamed  
Innocent girl  
In a man's world

Get it all - do it do it
