

# Taking My Chances

The Outfield

I'm calling out but there's no one to hear me  
I'm so afraid cos there's nobody near me  
All that I've got are memories of Tuesday  
I can't remember anything she said

Then in a moment my head starts spinning  
Around in a circle no end or beginning  
And just when I think that the whole world's turning  
I open my eyes and discover that life is just  
Burning down but this man stands his ground  
For when there's nothing left I'll fight for every breath

Don't turn your back on me baby  
I'm taking all my chances  
Why can't you hear what I'm saying  
I'm taking all my chances

And when you're alone with nobody to turn to  
You look in the mirror and think that it's untrue  
In your reflection are you sure that you see  
The person that you've always wanted to be but  
You never were because you feared yourself  
And in your deepest thoughts, you looked for someone else
