

To Be With You

The Outfield

If I had to leave without this woman
Heaven is the only place she's be
If I had to try my best without her
Someone would be watching over me

I just couldn't face this world without her
(I just couldn't face this world, face this world)
All alone, I'd wonder where I'd be
(I'd wonder where I'd be, I'd wonder where I'd be)
If I couldn't put my arms around her
(If I couldn't put my arms, put my arms)
I would need her love to come for me

It doesn't seem so long ago
You were just a kid I longed
Growing up
I put the little faith I'd had
In someone who I wanted back
Long ago
Don't you know?

If I had to put my trust in someone
(If I had to put my trust, put my trust)
Don't you know I put my trust in you?
(In you, in you)
If I had to give up my possessions
(If I had to give up my, give up my)
Give up everything to be with you

It doesn't seem so long ago
You were just a kid I longed
Growing up
I put the little faith I'd had
In someone who I wanted back
Long ago
Don't you know?

Give up everything to be with you
(I'd give up everything to be with you)
Give up everything to be with you
(If I had to put my trust)
Give up everything to be with you
(If I had to live without)
Give up everything to be with you
(If I could put my arms)
