

# Tonight You're Mine

The Outfield

It's just a matter of time  
So don't walk away  
This song is nothing without you  
That's all I can say  
You know you'd break my heart - if you  
Push my love away  
But I can't wait another day  
Tonight you're mine girl

It's just a matter of time  
So don't you forget it  
You've told me so many times  
That I won't regret it  
Some things are easy to do - yet they're  
Still so hard to say  
But I can't wait another day

If there's no light and you can't see  
Down the end of this road  
I'll be a voice in the darkness  
I'll still be there if your dreams overload

It's just a matter of time  
I'm not pretending  
Oh this happens once in a lifetime  
And I don't see it ending  
There's nothing else I can do - because you  
Make me feel this way  
Cos I can't wait another day  
Tonight you're mine girl
