

If Dreams Came True

The Outlaws

You come to so clearly in my dreams
You never ask for much, just for me
You don't have to prove it all, girl, I want you too
Wouldn't it be good if dreams came true

To leave it all [?]
And even though we're two, you make us one
Don't wake me if I'm really wrong, if the feeling's come and go
ne
Wouldn't it be good if dreams came true

I'm dreamin', ooh...
Wouldn't it be good if dreams came true
Ooh...
Wouldn't it be good if dreams came true

Even though I live our dream, our morning seems so strange
There's one [?] let's learn to love, does the feeling ever change
And in your hand you hold my world so don't turn out my life
Do you have to say that we are on if the feeling's really right

I'm dreamin', ooh...
Wouldn't it be good if dreams came true
Ooh...
Wouldn't it be good if dreams came true...
