

# Just The Way I Like It

The Outlaws

I wasn't born with a silver spoon  
In my mouth  
(Was) so damn poor  
We were down and out  
Had no shoes for my dancin' feet  
But I still kept time  
With the beat of the street

It was a downtown  
Rundown neighborhood  
When times got bad  
We tried to make'em good  
Goin' to school didn't get me far  
I learned my licks  
In an all-night bar, ooh

That's the way I like it  
Just the way I like it  
That's the way I like it, oh

Street lights are hot  
Street life is cool  
Deal with it, Jack  
Or it'll treat you cruel  
It ain't easy, it's sleazy  
Even slime  
Call it what you want  
But it's mine, mine, mine

Yeah, that's the way I like it  
Just the way I like it  
(Just the way I like it)  
That's the way I like it  
Just the way I like it

Repeat 1st verse

Yeah oww

That's the way I like it  
Just the way I like it  
Just the way  
Just the way I like it  
That's the way I like it  
Just the way I like it  
Just the way, just the way  
Just the way I like it, huh

Just the way I like it  
Just the way I like it  
That's the way I like it  
That's the way, that's the way  
That's the way I like it
