

Sunshine

The Outlaws

Sunshine sunshine
And everything will be just fine
Maybe it'll be shining
Brighter tomorrow
Well it's far too bright
With the afternoon sky
Shining brightly

Starlight starbright
First star that I see tonight
I make a wish and have it come true
Well it's easy to see
That the wish from me
Is for sunshine

You know it satisfies me girl
In nearly every way
I got a satisfied mind
Don't you know, don't you know
Don't you know

That there's moonlight tonight
Oh it's such an awesome sight
Still it fills my heart
Full of fire
And the daybreak's light
Moves back the shadows of night
And there's the sunlight

So it's a new day, new day
Glad to say they were happy days
Were reasons for feeling so fine
Well we're thankful to live
For this planet
So filled with sunshine

You know it satisfies me girl
In nearly every way
I got a satisfied mind
Don't you know, don't you know
Don't you know, don't you know

That the sun shines brighter
Yes it shines brighter and brighter
And it shines brighter and brighter
Cause the sun shines
When your heart's filled with love

Do do do do do
Do do do do
[Repeat x7]

You know it satisfies me girl
In nearly every way
I got a satisfied mind
Don't you know, don't you know
Yes you know, don't you know

That the sun shines brighter
Yes it shines brighter and brighter
And it shines brighter and brighter
Cause the sun shines
When your heart's filled with love

Sunshine
Sunshine
