

From The Throne

The Paramedic

Here we are...

Beg for forgiveness

Plea for your redemption

Beg for forgiveness

You don't deserve salvation

You'll get no forgiveness from me

Don't waste your breath

I see right through your façade

I've passed your test

And now that we've arrived

Back at square one,

We'll play the same parts that we've,

We've always done!

Go and seek your amnesty

From the throne you fell

Off of

Go and seek your amnesty

From the throne you fell

Off of

Beg for forgiveness

Beg for forgiveness

Beg for forgiveness (Beg)

How many more lies,

Before we all see the end of

Our days

How many more cycles

Until your realize this doesn't pay.

We will rise as a unit

We will bring you to your knees

Now

Go and seek your amnesty

From the throne you fell

Off of

Go and seek your amnesty

From the throne you fell

Off of

Tell them all your dreams

Sing forth all your aspirations

Listen to them say

"Frankly my dear,

I don't give a shit"

You have falsified your claims

For the last time

(You will find me standing on top

Of everything you once held dear)

You will find me standing on top

Of everything you once held dear.

Go and seek your amnesty

From the throne you fell off.
