

Summer Days

The Partridge Family

I feel the sunlight on my face
When I just close my eyes and I trace
The footpath to your daddy's summer place
Where we spent our early summer days

The hill we climbed that went on forever
We reached the top of the world together

Yeah, you gave your love to me and I remember perfectly
High above all time and space and I remember summer days
When you gave your love to me and I remember perfectly
High above all time and space and I remember summer days

Come climb that hill again with me; come live that love again with me
Baby, baby, baby, baby; hold my hand and we'll be free; said we
'll be
Free

Yeah, you gave your love to me and I remember perfectly
High above all time and space and I remember summer days
When you gave your love to me and I remember perfectly
High above all time and space and I remember summer days

[Fade]

Yeah, you gave your love to me and I remember perfectly
High above all time and space and I remember summer days
When you gave your love to me and I remember perfectly
High above all time and space and I remember summer days
