

All Wrong

The Perishers

I don't know
I don't have a clue
It's been a year since I heard from you
But still this town reminds me of
The days when we were still in love

But I know
Once I'm all alone
My love will unfold
Once I know
You're really gone

I don't know
I don't have a clue
But you left so I'm leaving too
You know I've always tried to be
more like you and less like me

But I know
Once I'm all alone
My love will unfold
Once I know
I'm really gone

You can say what you want
But you got it all wrong
You can say what you want
I'll be biting my tongue
Even if you'll be twisting my arm
I'll stay strong
You can say what you want
But you got it all wrong

Once I'm all alone
My love will unfold
Once I know
You're really gone

I'll feel better
Once I'm out of here
I'm sure I'll see things clear
Once I know
I'm really gone

You can't
You can say what you want
But you got it wrong
You can say what you want
I'll be biting my tongue
Even if you'll be twisting my arm
I'll stay strong
You can say what you want
But you got it all wrong

Got it all wrong
Got it all wrong
You got it all wrong

Got it all wrong
