Someday

The Perishers

You say you left to find reasons not to stay
You say you lost yourself somewhere on the way
You say living is easier when I´m around
And you say you need my help to get off the ground

But I´m not gonna go home tonight
I ain´t gonna leave ´til I know you´ll be alright
But I´m afraid we´re searching for things we´ll never find
´cause your problems are just like mine they´re hard to define

Someday all of this pain may make sense to you
Some say losing it all can bring something new

But I´m not gonna go home tonight
I ain´t gonna leave ´til I know we´ll be alright
But I´m afraid that you and I are wasting our time
´cause your problems are just like mine
they´re hard to define

We´re searching for things we´ll never find
Your problems are just like mine they´re hard
define

Some say you have to fall to learn how to fly
Some day we may understand just the reason why
Some day
