

Build A World

The Pineapple Thief

I'd build a world for you
I'd build a world for you
I'd do all for you my love
I'd build a world for you

When it's over you'll see
What our world was meant to be
All the things that we have done
How could they be undone?

I'd build a world for you
I'd build a world for you
I'd do all for you my love
I'd build a world for you

The awful things I've done to you
(When it's over I will show you)
They can not be undone
(When it's over you will know)

I'd build a world for you
I'd build a world for you
I'd do all for you my love
I'd build a world for you

So build a world for me
(When it's over I will show you)
So build a world for me
(When it's over you will know)
There's no precious time to be my love
(When it's over I will show you)
So build a world for me
(When it's over you will know)
