

How Did We Find Our Way

The Pineapple Thief

Long ago,
I remember every minute of the days,
Would go so fast we didn't notice,
We were here to stay, how did we find our way

Please lose yourself for a night,
Let me take the weight away from you,
Please lose yourself for a night,
Let me take the weight away from you, tonight

Far away,
We couldn't see the pictures, that we made today,
Its hanging on its own, but we are here to stay,
How did we find our way

Please lose yourself for a night,
Let me take the weight away from you,
Please lose yourself for a night,
Let me take the weight away from you, tonight

Tonight, tonight, tonight,
We were here to stay, how did we find our way
We were here to stay, how did we find our way

Please lose yourself for a night,
Let me take the weight away from you,
Please lose yourself for a night,
Let me take the weight away from you,

Please lose yourself for a night,
Let me take the weight away from you,
Please lose yourself for a night,
Let me take the weight away
