

Reaching Out

The Pineapple Thief

You look
Like I've ripped out all that's left
I know those eyes
They're telling me we're dead

I can't
I cannot tell you why
I adore you
I can never tell you why

You're feeling this
I've never seen you act so cruel
As cruel as I can be
To you

I can't
I cannot tell you why
I adore you
I can never tell you why

So I'm reaching out
I know that it's too late
So I'm reaching out
I know that it's too late

So I'm reaching out
I know that it's too late
So I'm reaching out
I know that it's too late

So I'm reaching out
I know that it's too late
So I'm reaching out
I know that it's too late

As cruel as I can be
As cruel as I can be to you
As cruel as I can be
As cruel as I can be to you

As cruel as I can be
(I've never seen you act so cruel)
As cruel as I can be to you
As cruel as I can be
(I've never seen you act so cruel)
As cruel as I can be to you

As cruel as I can be
(I've never seen you act so cruel)
As cruel as I can be to you
As cruel as I can be
(I've never seen you act so cruel)
As cruel as I can be to you

As cruel as I can be
As cruel as I can be to you

As cruel as I can be
As cruel as I can be
As cruel as I can be to you

So I'm reaching out
I know that it's too late
So I'm reaching out
I know that it's too late
