

Someone Pull Me Out

The Pineapple Thief

I don't know why
I'm still sat here
Waiting
One more my love
One more and I'll be
Up there

And you know
You know
Which step is killing me

Someone pull me out of here
Someone pull me out

I don't know why
I'm still down here
Fading
Keep it coming,
I'll keep it coming
To Kill me

And you know
You know
Which step is killing me

Someone pull me out of here
Someone pull me out

Don't close your eyes
Don't turn away
I'll reach for you
I don't want another way

Someone pull me out of here
Someone pull me out

I don't know why
I'm still sat here
Waiting
