

# Captain Rhythm

The Pipettes

I heard it from Sergeant Baseman  
That you were takin' me on a journey out of space  
And he said that when we get there  
All the stars will fall at our feet, so what, we'll like it

If they come aboard  
At least I can be sure  
By the time it is right  
Captain Rhythm, won't you take me tonight?

I wanna go out of my mind, Captain Rhythm  
I know that you are one of a kind, see I'm forgiving  
I'm tired of you holding control, I'd give my heart and soul  
Just to serve you  
'Cause you're my number one

You came along with the letters  
Called for [?] and the girls to save and navigate us  
So now that we're together  
I can't wait another day to tell you, you're my forever

If they come aboard  
At least I can be sure  
That the timing is right  
Captain Rhythm, take me with you tonight

I wanna go out of my mind, Captain Rhythm  
I know that you are one of a kind, see I'm forgiving  
I'm tired of you holding control, I'd give my heart and soul  
Just to serve you  
'Cause you're my number

One, one is two  
That's me and you're what I love  
I'm what you need  
I need your loving, soul and soul

One and one is two  
That's me and you're what I love  
I'm what you need  
I need your loving, soul and soul

I wanna go out of my mind, Captain Rhythm  
I know that you are one of a kind, see I'm forgiving  
I'm tired of you holding control, I'd give my heart and soul  
Just to serve you

'Cause you're my Number One  
(Out of my mind, Captain Rhythm)  
'Cause you're my Number One  
(I know that you are one of a kind, see I'm forgiving)

'Cause you're my Number One  
(I'm tired of you holding control, I'd give my heart and soul  
'Cause you're my Number One  
(Just to serve you)  
'Cause you're my Number One
