## The Pipettes

Ah-ah, ah-ah-ah  
Ah-ah, ah-ah-ah  
Ah-ah, ah-ah-ah  
Ah

As I look hard just knowing which way it is that I'm going  
Pray and finding that it's who you know, not what you're knowing  
And, yeah, it's getting restless, tell me what am I to do  
Just point me in the right direction towards something new

I spent my life so far doing what I should be doing  
I never quite find in the heart for something worth pursuing  
And then you came along and turned this fire in for me  
No, I won't let you down, I'll make you proud, just wait and see

Will somebody tell me what I'm meant to do?  
I'm wasting my time here explaining to you  
Just don't utter words, you just don't understand  
Come on and give me, come on and give me your hand

The door swings open, another's closed, so it's quiet hard to figure  
Exactly what I did so I could know what to deliver  
I can't deny this is the hardest thing I've had to do  
And still I wonder how I got here while I sing to you

Will somebody tell me what I'm meant to do?  
I'm wasting my time here explaining to you  
Just don't utter words, you just don't understand  
Come on and give me, come on and give me your hand

Why won't someone show me what I'm meant to do?  
I've been wasting my time here explaining to you  
Now don't utter words, I don't understand  
Come on and give me your hand

Will somebody tell me what I'm meant to do?  
I'm wasting my time here explaining to you  
Just don't utter words, you just don't understand  
Come on and give me, come on and give me your hand

I can't think of anywhere I'd rather be  
Than here with you, I'm on the top of the world, you see  
'Cause without you, I'm not who I wanna be  
I hope you feel the same for me, baby

I can't think of anywhere I'd rather be  
Than here with you, I'm on the top of the world, you see  
'Cause without you, I'm not who I wanna be  
I hope you feel the same for me, baby

Will somebody tell me what I'm meant to do?  
I'm wasting my time here explaining to you  
Just don't utter words, you just don't understand  
Come on and give me, come on and give me your hand

Will somebody tell me what I'm meant to do?  
I'm wasting my time here explaining to you

Just don't utter words, you just don't understand  
Come on and give me, come on and give me your hand
