

## You Can Depend on Me

The Platters

Though you say we're through,  
I'll always love you  
And you can depend on me  
Though someone that you've met  
Has made you forget,  
Honey, you know you can count on me

When I wish, I wish you success  
And loads, loads of happiness  
But baby, I gotta confess  
I'll be lonely  
If you ever, if you ever need a friend,  
I'll be yours until the end  
And you can depend on me

I wish you success  
And loads of happiness  
But, darling, I gotta confess  
I'm gonna be lonely

Oh if you ever, if you ever need a friend,  
I'll be right by your side 'til the end  
And you can depend on me  
You can depend on me
