

Die Like Your Brothers

The Plot in You

Drown this awful sound
It makes me clench my jaw and now it's all around
It's time I leave this town

Last time I went away I came back to a pillhead faded away
You're disgusting, I'm adjusting to reality
Breaking me and shaking me and now you're like an enemy
Such a waste of a great mind
You've had a taste of the wrong kind
Don't bring me down with you
I'm not gonna diw with the guy that made me think that
Blowing 30's was fine
I'm nothing like you, I've already been there before
It's a hole, it's a trap that always blinds you

Two dead souls waiting for another hit
Two dead souls, just pass if you can't handle it
Cus it's a game to see which one of us will die first
It's like a plague we're caving in we've got the same thirst

I sink into my bed like the old days
All my friends are rocking xanies it's the new craze
Please crush another two and wait a minute
I saw a pair of eyes watching me as I was in it
Fuck me for trying to get my life back in line
It's not my fault that you have no self control and you're blind

Two dead souls waiting for another hit
Two dead souls, just pass if you can't handle it
Cus it's a game to see which one of us will die first
It's like a plague we're caving in we've got the same thirst

Die like your brothers and your father if it's so good
But just remember that they'd take it back if they could

Yes I'd lost self control but that's not where it ends
And though I miss you and I think of you
I can't change this all again
You mean everything to me and I hope that you get clean

Two dead souls waiting for another hit
Two dead souls, just pass if you can't handle it
Cus it's a game to see which one of us will die first
It's like a plague we're caving in we've got the same thirst
