

## American Music

### The Pointer Sisters

Well, the rock still rolls  
The beat goes on after all of this time  
The faces change but the song's the same  
So roll over Mister Dylan for the next in line

They want American music for drivin' with the radio  
She said, I know that I would be alright  
If I could just make somebody my baby tonight

American music for dancin' with the stereo  
Oh do what you like feel what you feel  
The music is right  
Well, it almost feels real American

From the purple peaks to the city streets  
People searching for the rock and roll scene  
The power of the pounding beat  
The magic in the dream

They want American music for travelin' with the radio  
She said, I know that I would be alright  
If I could just make somebody my baby tonight

American music for dancin' with the stereo  
Oh do what you like feel what you feel  
The music is right  
Well, it almost feels real American

Just when you think that you've heard enough  
Well, somebody say turn it up  
Turn it up, turn it up
