

Bodies and Souls

The Pointer Sisters

You can believe it, love is on its way
You can believe it, our love is here to stay
You can believe it, just when boy meets girl
You can believe it, it's a brand new world,
Brand new world

Talk about love
You know you should
Talk about love
Feeling good
Bodies and souls

You can believe it, it's a brand new thing
You can believe it, love's a diamond ring
You can believe it, love is on its way
You can believe it, it's here to stay,
Here to stay

Talk about love
You know you should
Talk about love
Feeling good
Bodies and souls
