

# Echoes of Love

The Pointer Sisters

I hear your voice everywhere  
Echoes of love

Making me look back  
Over my shoulder  
Echoes of love are starting all over  
Echoes of love  
Keeps on hurting  
They're out of control  
Keeps on burning  
Echoes of love are out of control  
Bringing back love I used to hold

Darling since you went away  
I think about you every day  
So-oh many memories  
About to get the best of me

Recalling the time  
I used to hold you  
I just wouldn't do what I was supposed to  
I've done things I'd like to undo  
But darling it's you I'd like to run to

Echoes of love  
Keeps on hurting  
They're out of control  
Keeps on burning  
Echoes of love are out of control  
Bringing back love I used to hold

Darling since you went away  
I think about you every day  
So-oh many memories  
About to get the best of me.

Echoes of love  
Echoes of love  
Ahh, ahh, ahh  
Echoes of love  
Echoes of love  
Keeps on hurting  
Ahh, ahh, ahh  
Echoes of love  
Keeps on hurting
