

# Eyes Don't Lie

The Pointer Sisters

Hot lights on the street  
Slow groove I feel the heat  
Deep inside a summer night, hypnotized  
I saw his face, out in the crowd  
I felt no shame starring so loud  
Just for a instant and to my surprise  
There was a vision of a future in his eyes

Oh, baby, eyes don't lie  
They say desire is on your mind, baby  
No, baby, eyes can't hide  
Only a mirror of what's inside, eyes  
Oh, baby, eyes don't lie  
And I know that I can trust  
My heart and body and soul  
To your eyes

Show me paradise  
I've seen what it was like  
Heaven knows it's gonna be ecstasy  
The way we stared, broke every rule  
Our souls were bared, melting love-cool  
Instant attraction I was mesmerized  
Held by the promise of pleasure in his eyes

Oh, baby, eyes don't lie  
They say desire is on your mind, baby  
No, baby, eyes can't hide  
Only a mirror of what's inside, eyes  
Oh, baby, eyes don't lie  
And I know that I can trust  
My heart and body

They read me, they groove me  
Have power to move me, I know, yeah  
The magic, the wonder  
The spell that I'm under in your  
With your eyes

Oh, baby, eyes don't lie  
Desire is hard to hide, but, baby  
No, baby, eyes can't hide  
No sense in even trying, eyes  
Oh, baby, eyes don't lie  
You can't hide of what you feel inside  
No, no, no, baby  
Oh, baby, eyes don't lie  
Your eyes set me on fire, baby  
Oh, baby, eyes don't lie  
Ooh, you got me mesmerized  
With your eyes
