

# Pound, Pound, Pound

The Pointer Sisters

Hey boy, you know I like what you fancy  
Boy I got a fire on my hands for you  
Say boy, you know the sweeter the candy  
The more I want to buzz like a bee to you  
Don't want just a tease from you  
Heavy sighs on the telephone  
Tell me how you like it in slo-mo  
Better mean it 'cause I won't take no, no

Chorus:

Oopa pound, pound, pound  
I'm coming in  
Oopa pound, pound, pound  
I'm back again  
Oopa pound, pound, pound  
I want in  
Oopa pound, pound, pound  
Keeps a-knockin ' on my face  
It keep knockin ' on my feelin ',  
Knockin ' on my face  
It keep knockin ' on my face for you

Hey boy, no one else holds a candle  
Comes close to the way that you handle me  
Show that you got good taste  
Don't you let a good time waste  
Just give it to me  
I need, I need just what you feed me  
Lip to lip and toe to toe  
Can't get it, if I needed more,  
Better give it 'cause I won't let go, no

Chorus

Ooh wee, when you're pounding  
on the street  
Betcha gonna see  
I'm the only one you think of  
Ooh wee, when it comes around to me  
I'm the one you wanna get tonight  
Ooh wee, when you 're pounding  
on the street  
Betcha gonna see I'm the only  
One you dream of  
Ooh wee when it comes around to me  
I'm the one you won't forget tonight  
Hey boy, you got a fire on your hands here  
Boy I'm so wild for the things you do  
Hey boy, you see the sweeter the candy  
Hey boy, you know the more I need to

Chorus:

Oopa pound, pound, pound  
I'm back again  
Oopa pound, pound, pound  
I'm coming in  
Oopa pound, pound, pound

It won't end  
Oopa pound, pound  
Keeps a-knockin' on my face
