

# Someday We'll Be Together

The Pointer Sisters

Kept the dream alive  
Just why I don't know  
You kept me hangin' on  
If you really loved me  
You'd have let me go  
There's no time for regret  
'Cause darling I know  
Someday we'll be together  
Someday, something in the future  
You will turn around  
See it's nowhere to be found  
And you'll come running back  
To me  
Someday we'll be together  
Played your part so well  
You really had me fooled  
The big breakdown scene  
But think about it now  
Oh it was cruel  
And it was mean  
Oh but when I think of  
When I think of just how it  
Could have been  
When each love burns out  
And it will without a doubt  
You'll come running back  
Back to me  
Yes you will, you'll see
