

# Deathwish

## The Police

Deathwish in the fading light  
Headlight pointing through the night  
Never thought I'd see the day  
Playing with my life this way

Gotta keep my foot right down  
If I had wings I'd leave the ground  
Buning in the outside lane  
People think that I'm insane

The day I take a bend too fast  
Judgement that could be my last  
I'll be wiped right off the slate  
Don't wait up 'cause I'll be late
