Let Your Soul Be Your Pilot

The Police

When you're down and they're counting When your secrets all found out When your troubles take to mounting When the map you have leads you to doubt When there's no information And the compass turns to nowhere that you know well Let your soul be your pilot Let your soul guide you He'll guide you well

When the doctors failed to heal you When no medicine chest can make you well When no counsel leads to comfort When there are no more lies they can tell No more useless information And the compass spins The compass spins between heaven and hell Let your soul be your pilot Let your soul guide you He'll guide you well

And your eyes turn towards the window pane To the lights upon the hill The distance seems so strange to you now And the dark room seems so still

Let your pain be my sorrow Let your tears be my tears too Let your courage be my model That the north you find will be true When there's no more useless information And the compass turns to nowhere that you know well Let your soul be your pilot Let your soul guide you Let your soul guide you Let your soul guide you
