

Life Without You

The Poodles

Silence echoes, burning memories
Feel the walls closing in
Counting seconds, Sweating bullets
Blood boils under my skin

Suddenly I'm wide awake
Can't you hear how this heart aches
Come back again baby before it breaks

All I know is the wheels keep turning
They will carry me far away
and tomorrow we'll be left with nothing
but memories
All I know is the wheels keep turning
I can't go back to yesterday
'Cause I can't imagine life without you
without you, yeah

Complication, missing pieces
in the puzzle of life

You're in every breath I take
Can't you hear how this heart aches
Come back again baby before it breaks

All I know is the wheels keep turning
They will carry me far away
and tomorrow we'll be left with nothing
but memories
All I know is the wheels keep turning
I can't go back to yesterday
'Cause I can't imagine life without you
without you

All I know is the wheels keep turning
They will carry me far away
and tomorrow we'll be left with nothing
but memories
All I know is the wheels keep turning
I can't go back to yesterday
'Cause I can't imagine life without you
without you, yeah
my life without you
