

Need To Believe

The Poodles

You know, we all fall down
We will lose our crown
And the life we gained
Is given back again

But tonight we are
Burning bright as stars
And what we leave behind
Will last the end of time

Somewhere, I hope I'll find it someday

I need to believe
That we can be free
And follow the road
That will take us home
I wish you could see
The fire in me
And look to the sky
To get through the night

I need to believe
I need to believe

You know there was a time
I thought I lost my mind
And the choices I made
took me further away
But then there came a day
I hadn't lost my way
And now the path was clear
and I was free from fear

Somewhere, I hope I'll find it someday

I need to believe
That we can be free
And follow the road
That will take us home
I wish you could see
The fire in me
And look to the sky
To get through the night

I need to believe
I need to believe

I need to believe
That we can be free
And follow the road
That will take us home
I wish you could see
The fire in me
And look to the sky
To get through the night

I need to believe

That we can be free
And follow the road
That will take us home

I need to believe, to believe
