Now Is The Time

The Poodles

This is a message to all my friends This is a letter that wasn't sent A call of arms to fight Into the dark of night

This is a chance to start again This is a chance to make amends To heed the lonely cry To give it one last try

Oh, I need you by my side Oh, Tonight we ride

We're lost in time, out of mind Waiting for a light to shine There's a chance for us tonight Let them know; We live for the fight! Now is the time

This is the time to let you know This is the only way to go The key for one more turn The answer you must learn

This is the time and place my friend There's no reason to pretend The moment to speak the truth This is the time to choose
