## **Natural Anthem**

## The Postal Service

I'll write you a song and it won't be hard to sing
It will be a natural anthem, familiar it will seem
It will rally all the workers on strike for better pay
And its chorus will resound and boost morale throughout the day

I'll write you a song and I hope that you won't mind Because all the names and places I have taken from real life So please don't be upset at this portrait that I paint It may be a little biased, but at least I spelled your name right...
