

Honey, I Need

The Pretty Things

If you don't want paying the phone
You'd better set me free
I just can't continue babe
To live in misery
I tell you baby a thousands time
I ain't no roundabout
If you misstreat me just before
You put me on a shelf
Oh honey
I need your love
All the time
All the time
And don't
Ever leave me
Or be unkind
Or be unkind
Wa ha bed

I don't you love the things to try
Kill my love so bad
But every time I've felt a chill I
Left them on the shelf
The things you try to do to me
I'm doing them myself
Every time I come on home
You deal with someone else

Oh honey
I need your loving
All the time
All the time
And don't
Ever leave me
Or be unkind
Or be unkind

Oh honey
Need your loving
All the time
All the time
And don't
Ever leave me
Or be unkind
Or be unkind
