

## Onion Soup

## The Pretty Things

I've got onions in my soup  
I've got zebra in my zoo  
I've got airplanes in my sky  
Without you I will die

Everybody says you're leaving  
If you do you know it'll surely break my heart

I've got bad breath in the morning  
I've got shepherd's pie red sky warning  
I've got pictures on my wall  
Without you I'm so small

Everybody says your leaving  
If you do you know you'll surely break my heart  
Foolishly I still go on believing  
As the sun paints crazy patterns on the park

I've got onions in my soup  
I've got tobbies up my snoop  
I've got airplanes in my sky  
Without you I will die
