

Crazy For You

The Prize Fighter Inferno

I've got this broken body
To show you my love now
But there's just one thing
That gets in the way
A mind so dirty
I can't get these feeling out to you
Just what I want to do

Oh, it's all right
When I'm out of my mind
Crazy for you

Oh, it's all right
When I'm out of my mind
Crazy for you

Ooh, I think it's better
You try to get away
There's nothing good here for you
My heart beats broken
Oh, it just wouldn't be right
To keep you from your life

'Cause it's all right
To be out of my mind
Crazy for you

No, it's all right
I'm out of my mind
Crazy for you

Cause you got to go now
Go now, go now, go
Get away from here
Even if it breaks my heart

Mama, told me just you wait and
See how life turns out
But I don't love like normal people
Oh, just give me one more night

Cause you got to go now
Go now, go now, go
Get away from here
Even if it breaks my heart

You gotta go now
Go now, go now, go
Get away from here

It's all right
To be out of my mind
Crazy for you

'Cause it's all right
To be out of my mind
Crazy about you
